How to Detect Copper in Pickles. A writer in The Circular (Walling ford, Ct.,) gives the following simple and easy method to ascertain if pickles contain any portion of cop per: "The test is made by simply thrusting a bright needle into a pickle, and allowing it to remain there several hours. It there is any Cane Mills & Evaporators. copper present it will be deposited on the needle, giving it the characteristic red color of the metal. From We have control of the celebrated Victor Cane one specimen of pickles, which were We have control of the Celebrated Mill and Cook Evaporator for Kentncky and Tennessee. We believe they stand at the head of Sorghum or Sugar-cane Implements. We are now prepared to take orders for them. the vinegar or pickles in a brass or to become coated with the acetate to become coated with the acetate of copper, or verdigris. Some manufacturers have been known to use this pigment in the manufacturer of pickles, to produce the fine permanent green color which, by some, is thought to be so desirable in this article of diet. It may be taken as a rule that pickles with a permanent green color contain copper. The test is the needle, and any one can try it."—American Artisan.

Lools.

The Pittsburg Commercial, of Tuesday, says.

Business on the laudilor renaists very duil, to fact, there was unthing done worthy of notice. Steamboat will have ample time to get things in order to fall trade will be duil to the fall trade will be duil to the tribuily of the land land.

Hope on, hope ever. You may be happy yet. How do you sell steamhoats about now, Mr. Commercial.

The Norman, in charge of Captain Billy Varible, it for Memphis, last evening, with a good trip of freight and passengers. She took two harges with Inc., both well loaded.

We think the intolerable nulsance of boys

poleon that when Marshal Duroc, an avowed infidel, was once telling a very improbable story, giving his opinion that it was true, the Emperor quietly remarked: "There are some men who are capable of believing every thing but the Bible." This remark finds abundant illustratious in every age. There are men all about us, at the present day, who tell us they cannot believe the Bible; but their capacities for believing every thing which seems to oppose the Bible are enormous. The LIME, CEMENT & PLASTER, oppose the Bible are enormous. The greediness with which they devour for New Orleans. We are large manufacturers of WHITE LIME, the most far-fetched stories—the dare manufacturers agents for the sale of appear to militate against the word of God-is astonishing. - Congregaonalist.

FINANCE AND TRADE.

OFFICE OF THE LOUISVILLE DEMOCRAT,]

The local money market remains profoundly quiet, with a limited demand for currency, which on all first-class paper or collaterals is promptly met at the banks and in the outside market at the same rates of interest as have ruled for some time past.

Increase over last year.

Apples are promising in portions of New England, the Alleghany region and the West.

Grapes are more uniform in the average of States and generally appearing unusually well. It has been a more successful year for strawberries than usual, as a study of the tables will show.

Sorphum—The sorphum crop is generally appearing the state of the The local money market remains pro-THE CHOLERA ON SHIPBOARD. for some time past.

A Verdict Expected To-day, Two MEN BILLED AT CLARES Shocking Treatment of

dold was a shade stiffer in New York to-day, which streugthened the market there, but offerlngs and demands coutinue light and unimportant.

There was a sharp advance in government securities to-day in New York, particularly on all descriptions of 5-20s.

Exchange continues quotably unchanged, with a moderate demand.
The following quotations, received to day, give the course of the New York market for gold and government securities:

Tobacco is much like sorghum, manifesting a decline in average and generally.

Cotton—There is an increase of average in North Carolina, Georgia, Alabama and Arkanasas.

Texas, 10-1-10; Mississippi, adout the same as last year. There is a slight difference as reported in favor of the present crop.

rities:

New York—10 A. M.—Gold opened at 140%.

11 A. M.—140. 12 M.—Gold 110%.

The department estimates, made last october, of 1,835,600 bales, proved to be singularly accurate for approximate calculations of so early a date though the The 11 A. M. New York dispatch quoted
